IPTPA TEACH THE TEACHER PICKLEBALL WORKSHOP

Sept 25, 2021
Edmonton AB

The IPTPA Teach the Teacher Workshop is your entry to the IPTPA Teaching Curriculum. Our workshop is based on the 70 page IPTPA Handbook which outlines the appropriate skills, progressions, strategies etc. for the beginner thru intermediate player. Sample lesson plans were developed based on the latest sports theory and a list of appropriate drills to help reinforce each lesson is also included in the handbook.

IPTPA membership is comprised of the best players and teachers in the world. We are a not-for profit corporation whose mission is to certify and elevate the standards of the Pickleball Teaching Professionals. We exist to serve the pickleball community. Attending an IPTPA Teach the Teacher Workshop is your assurance that the content you will be teaching has the highest level seal of approval.

Workshops in Canada are led by Mike Cooper, from Edmonton AB, an IPTPA Master Teaching Professional (MTP). The 8-hour workshop is divided into classroom and on-court activities.

Teach the Teacher Workshop \$200.00 USD

(Minimum required 10)
